INDEX TO SUBJECTS

Agriculture; affected by burial grounds, 97; affected by drought, 93; affected by floods, 93, 94; affected by locusts, 94; animal labor on farms, 2, 8, 112; as affecting forestry, 129; crop failure as cause of famine, 93; cropping systems, 2, 6, 8, 110, 111; crops raised in various sections, 1, 2, 4–8, 111, 280, 285–288, 294, 331; effort to improve crops, 100–104; extensive industry, 2, 4, 109, 144; farm machinery, 114; growing seasons, 1, 8, 134, 138; human labor on farms, 6, 8, 112, 114; in Manchuria, 280, 287, 288, 293; physical basis of, 109, 113, 278; vital to national prosperity, 115. *See also* Famines.

Chinese in Other Countries; for business, 152, 154; for education, 49; in the United States, 356–369; Kuomintang interest in, 225.

Climate; in various sections, 6–8, 134, 135, 138, 278–280; precipitation, 1, 2, 5, 6, 8, 93, 100, 127, 134, 138, 139, 279, 280, 283; typhoons, 8; variations of, 20, 109.

Commerce; boycotts, 218, 252–261; domestic, 241–251; foreign trade, 153, 155–159, 183, 185, 186, 189, 190, 209, 210, 253–261, 292, 337, 339–341, 358, 367, 368; of Manchuria, 284, 288, 291, 292, 301–303, 331; tariffs, 23, 146, 180, 183, 185, 224, 252, 266–277, 341.

Communism and Socialism; a menace to industry, 181; as affecting labor, 200–203; as affecting the Kuomintang, 219–222; Chinese reaction against, 222, 240, 273, 313–316; conditions favorable to, 12, 151, 202, 231, 232; destructive to family life, 45; in Chinese Turkestan, 326; principles, aims, and methods of, 229–240, 353; Russian propaganda, 229–240, 314.

Cultural Development; achievements in, 25; antiquity of, 19, 21, 22, 24, 29; as affected by Christian missions, 64–66, 71; as affected by travel, 164, 290; backwardness of, 142–144; changes in, 10–14, 196, 197, 290; effort to increase, 104, 225; in scholarship, 58–62; in various sections, 6–8, 18, 21, 290; languages, variety of, 1, 323; retarded by conservatism, 97, 98; weakens family system, 45.

Economic Conditions; aided by foreigners, 154, 155; as affected by lack of transportation facilities, 145–147; as affecting insurance, 106; as causes of famine, 90, 91, 145; changes in, 12, 144, 152, 173, 174; effort to improve, 104, 198, 199, 203, 225, 265; in Manchuria, 290; in Peiping, 81–88, 198; of farmers, 109, 110, 112, 113, 160, 198, 225, 286; of women, 12, 13, 198, 199, 225; self-sufficiency of, 173; wasteful system, 146, 147.

Education; as affected by language simplification, 54–58, 196; as affecting government and politics, 51, 52; as by-product of missionary work, 49–51, 64; as preparation for official life, 48, 53; based on ancient classics, 27, 47; beginning of modern, 49, 50; changes in, 11, 12, 351; for citizenship, 15; government control of, 52, 68, 225; high regard for, 28, 53, 54, 177; in art, 28; in music, 28; of Chinese abroad, 49, 148; of farmers, 110, 113; of the masses, 54, 58, 147, 196, 197, 225; regarding insurance, 107; technical, 176, 177, 182, 225.

Famines; causes of, 2, 90–100, 145; frequency of, 1, 89, 90; prevention of, 95, 99–104, 110, 114; relief of, 89, 95, 161, 162; severity of, 89, 90, 93.

Finances; banking, 151, 152, 180, 207, 208, 209, 212, 348; debts, 150, 151, 178, 338; foreign investments in China, 120, 152, 167, 178, 224, 337, 338; lack of credit facilities, 92, 93, 110; rehabilitation of, 348, 352, 353; salt as a factor in, 241–251; speculation, 210, 211; stabilization of, 15, 150, 180, 213; variety of currency 106, 149, 150, 180, 206–212.

Foreign Commercial and Industrial Interests; as affected by boycotts, 252–261; general, 154, 155, 334, 335, 337; in cotton industry, 187, 331; in insurance, 105–108; in iron works, 333, 334, 336; in mining, 120, 296–299, 332, 335; in petroleum, 300, 301; in railways, 95, 304–317, 330. *See also* International Problems.

Forestry; Chinese knowledge of, 129; forest destruction, 93, 94, 127–129, 283; in Manchuria, 5, 137, 278, 283, 334; problems of, 127–141; reforestation, 100, 114; temple forests, 130.

Geography; geological development, 4, 121, 122, 280–282; of China, 1–9, 20; of Manchuria, 278–292; of Mongolia and Chinese Turkestan, 318, 321; statistics of, 3. *See also* Climate, Natural Resources, Rivers, Soil, *and* Topography.

Government and Politics; ancient, 23; as affected by modern education, 51; as affecting capital, 178, 188, 352, 353; as affecting famines, 94, 102, 103; as affecting industry, 183; as the goal of education, 48, 53; attitude toward insurance, 106; attitude toward mining, 118; corruption in, 48; in relation to Christian missions, 52, 67–70, 225; in relation to currency, 150, 213; in relation to guilds, 77–79; in relation to labor, 197, 203–205; of Mongolia and Chinese Turkestan, 318–327; of Tibet, 9; popular training for, 15; reorganization of, 11; revenue, 23, 241–251; the boycott as a weapon of, 218, 252–261; the Kuomintang, 52, 197, 214, 219–226,

239, 262–265; under the republic, 214–228; unsettlement of, 14, 178, 183, 188, 252; women in, 13.

History; ancient, 20–22, 30; nineteenth century, 262; of Chinese Eastern Railway, 308–317; of Chinese Republic, 214–228; of Chinese Turkestan, 322–326; of Mongolia, 318–322; of the salt gabelle, 242–251.

Industries; agriculture, 2, 4, 5, 6, 8, 109–115, 144, 145, 287, 293; capital needed for, 177, 178, 351; changes in, 12, 182; development of, 113, 151–153; 174, 184–190; domestic handicraft, 27; fishing, 7; fur trapping, 5; ginseng production, 284, 285; government protection of, 225; iron and steel, 119, 191–195; 296, 299, 333, 334, 336; junk building, 7; labor organizations, 181, 197, 198–205; labor problems, 152, 153, 176, 177, 181, 182, 187, 197–205, 225; lumbering, 5, 7, 283; mining, 116–126, 191–195, 284, 288, 296, 297, 299, 332, 335; of Chinese in the United States, 361–367; pastoral pursuits, 5, 6, 9, 286; rehabilitation of, 350, 352; salt production and trade, 242–251; soda production, 287; textile manufacturing, 184–190, 198, 284, 285; trade guilds, 27, 72–80; training needed for, 176, 177, 182; various, in Manchuria, 291, 334. *See also* Agriculture.

International Problems; American relations, 252, 276, 356–369; antiforeign feeling, 154, 155; arms embargo agreement of 1919, 349; as affected by Christian missions, 67–70; Belgian relations, 274; boycotts, 252–261; British relations, 256–260, 276, 338–346; Concert of the Powers, 347, 348; extraterritoriality, 69, 204, 224, 272, 341–246, 353, 354; German relations, 335; in Manchuria, 16, 294–317, 328–337; in Mongolia and Chinese Turkestan, 318–327; Japanese relations, 16, 218, 253–256, 274–277, 294–311, 328–337; League of Nations, 354, 355; nine-power treaty, 349, 350; Russian relations, 229–240, 272, 273, 311–327, 329; unequal treaties, 16, 224, 263, 266–277.

Manchuria; as a pioneer belt, 293, 294; Chinese migration into, 5, 285, 286, 294; climate of, 278–280; commerce of, 284, 288, 291, 292, 301–303; forestry in, 5, 137, 278, 283, 334; geography of, 278–292; government of, 286, 287; industries of, 283, 284, 287–291, 293, 296; international aspects of, 16, 294–317, 329–335; land values in, 286, 287; minerals of, 284, 288; mountains of, 5, 278, 280–283; population of, 293, 330, 331; railways in, 5, 285, 286, 288, 291, 296, 303–317, 329, 330; resemblance to United States, 4, 293; size of, 293; topography of, 278, 280–283, 285, 286, 288.

Missionary Work; appraisal of, 64–66; general effect of, 71; history of, 63; in education, 49, 64; in famine prevention, 99–104; in relation to government, 52, 67–70; in social betterment, 64; methods of, 67, 68; objectives of, 63.

Natural Resources; Arable land, 294; cotton, 174, 175, 185, 186, 198; fertilizers, 296, 301, 302; forests, 127–141, 278, 283, 296; ginseng, 284; man power, 114, 144, 175, 176, 186; minerals, 4, 116–126, 144, 174, 191–195, 284, 288, 296, 332, 333, 335; raw silk, 175, 189, 265; raw wool, 175; salt, 242, 243, 287; undeveloped, 15, 114, 145, 147.

Philosophy and Religion; Ancestor worship, 25, 26, 28, 42, 43, 96, 97, 118; ancient philosophy, 22, 24, 31–35, 61, 62; Buddhism, 25, 36; changing concepts, 13, 16, 17, 38, 59, 60; Confucianism, 24, 31, 32, 36, 37, 47; filial piety, 26, 41, 97; principles of the Kuomintang, 52, 220, 263–265; religious features of guilds, 75, 76; Taoism, 25, 31, 33, 47. *See also* Missionary Work.

Population; as affecting famines, 96; composition of, 8, 20, 21, 60, 262, 288, 289, 293, 323, 324; density of, 2, 6, 7, 8, 96, 109, 110, 113, 115, 286, 294; increase of in two centuries, 129; increased by social concepts, 96, 97, 113; movements of, 5, 6, 7, 285, 286, 289, 294, 330, 331, 360, 362–364; of Manchuria, 293; of Shanghai, 6, 7, 151; of Szechwan, 92. *See also* Shanghai.

Railways; appreciation of, 165; as affecting cultural development, 290; as aid to industry and commerce, 179, 283; financing and management of, 168–170; foreign interests in, 95; hindered by political conditions, 94; history of, 166; important for famine prevention and relief, 92, 94; in Manchuria, 5, 145, 169, 179, 283, 285, 286, 288, 290, 291, 296, 303–317, 329, 330; in tropical China, 8; scarcity of, 91, 145.

Religion, *see* Philosophy and Religion, *and* Missionary Work.

Rivers; as means of transport, 170–172, 290, 291; conservation of, 100, 140; control of, 2, 90, 94, 114; higher than surrounding country, 2, 94; navigability of, 6, 7, 285, 286, overflow of causes famine, 2, 93, 94.

Salt Gabelle *see* Government and Politics—revenue.

Shanghai; center of cotton industry, 185; center of insurance, 107; center of silk industry, 189; chief commercial center, 185; importance of, 7, 151; modern aspect of, 151; political problem of, 345; population of, 6, 7, 151, 345.

Sinology; facilities for study of, 368, 374–376; importance of, 371, 377; neglect of, 370, 372, 373; promotion of study of, 373, 374, 376, 377; simplified language aids study of, 62.

Social Institutions; changes in, 12, 39, 45, 46,

72, 73, 76, 78–80, 149, 196, 225; classes, 23, 24; legal structure, 149; marriage, 13, 24, 39, 40, 97; status of women, 12, 13, 106, 225; the clan, 42, 43, 73; the family, 12, 24–27, 39–46, 96, 97, 106, 108, 143, 148, 176; the village, 25–27; trade guilds, 74–80.

Soil; best along streams, 286; erosion of, 127, 128, 129, 132, 133, 140; fertility of, 7, 20, 278, 286; silt deposits, 2, 4, 94.

Topography; basins, 7, 8, 20; description of the Northwest, 99, 100; deserts, 2, 5, 6, 20, 318; mountains, 4–8, 278, 280–283; of Central China, 135; of Manchuria, 278, 280–283, 285, 286, 288; of North China, 138; of South China, 134; plains, 2, 4, 6, 8, 278, 285, 286; plateaus and highlands, 2, 4, 5, 7, 8; rivers, 1, 2, 6, 7, 8, 20, 94, 280, 282, 285, 286. *See also* Rivers.

Transportation and Communications; capital needed for, 178, 179; cost of, 134, 145, 161, 164, 165, 171; difficulties of, 91, 92; effects of lack of, 105, 110, 134, 145–147, 178, 179, 194, 195; in various sections, 7, 8, 283; means of, 1, 4, 5, 92, 145, 146, 160–172, 283, 285, 286, 291; recent advances in, 145, 146, 162–165; statistics of, 163, 166, 167, 179. *See also* Railways *and* Rivers.

War and Revolution; ancient, 23; as affected by communism, 229–240; as affecting famines, 94, 95; as affecting labor, 197, 199; as affecting salt supply, 248; cause waste of forests, 128; disrupt family life, 45; disrupt railway system, 169; hinder economic prosperity, 151, 183, 352; hinder philosophical activity, 35, 38; history of, since 1911, 214–228.
